

SEE BETTER • FEEL BETTER • FUNCTION BETTER

WalaDesk

The WalaDesk™ System is an innovative folding LED desk lamp containing an adaptive LED light with smart color-changing technology. This allows a single light to vary from bright, natural daylight (6000 Kelvin) to warm light (3000 Kelvin), with multiple brightness and kelvin levels available. The variable LED lighting of the desk lamp can provide the perfect lighting for any task or mood, enhancing productivity and improving sleep.

Specifications

PRODUCT TYPE	Kelvin & dimming variable edge lit low glare desk lamp
MANUFACTURER	WalaLight
MODEL NUMBER	WDL15WSLW / WDL15WSLB
RATED VOLTAGE	120 Volts
USB OUTPUT 1 PORT	500mA
WATTAGE	15W
LUMENS	450 lumens
KELVIN	3000 to 6000 adjustable by user
BEAM ANGLE	120 Degrees
CRI	>85
LIFESPAN	>35,000+ hours
DIMMABLE	YES - Multiple modes of kelvin & dimming
WARRANTY	1 years
DIMENSIONS	3.50'x 6.90'x 18.50' (370mmx150mmx435mm)
COLOR OPTIONS	Black or white
FEATURES	Built in USB port on side. Articulates in many angles and directions
WEIGHT	2.55lbs
DIMENSIONS	16'x7'x13' (406mm x 177mm x 330)
